At Creavit, we see design not merely as form, but as a way of life; an expressive language shaped by the traces of cultures and eras.

We define bathrooms not just as spaces for cleanliness, but as personal sanctuaries where one comes closer to oneself, feels lighter with water, and finds clarity through reflection. That is why, in every line we draw, we embrace simplicity; in every form, meaning; and in every detail, a disciplined design approach paired with an aesthetic that withstands time.

This catalog is an invitation.
For a better-designed life,
The bathroom...

Quality Management Systems

LGA
Germany Accreditation Certificate

SII
Israel Accreditation Certificate

1997

Importation of the Brisesco chamber furnace.

1998

Import of the 50 m^3 CDS drying furnace from England.

1999

Installation of the 111-meter German Riedhammer tunnel kiln, followed by the start of production operations.

2000

Certification of the ISO 9001 Quality Assurance System, acquisition of the German LGA Compliance Certification, and the Israeli Standards Institute (SII) Compliance Certificate, along with achieving an export potential reaching 23 countries.

2010

Receiving the ISO 10002 Customer Satisfaction Management System Certificate: a first in its sector.

2011

Commissioning of the Creavit Concealed Cistern Facility.

2017

Purchasing and commissioning of 5 units from one of the leading glazing robot manufacturers in the sector.

2018

Implementation of the ERP SAP transformation project.

1987

Purchase of new factory land in the Çukur Köyü area.

1989

Laying the foundations of the new factory.

1991

Commissioning the production line of the new factory.

1993

Commissioning of the new 90-meter domestic tunnel furnace.

2003

The export rate, which accounts for nearly half of the production capacity, increasing to around 45%. The number of export countries exceeding 30. Commissioning of bathroom furniture production facilities and initiation of marketing activities.

2004

Commissioning of the first pressure-casting (Porvair) system for single washbasin production.

2008

Awarding of the Outstanding Service Medal by the Office of the Speaker of the Grand National Assembly of Türkiye (TBMM) to our founders, Mehmet and Mithat Çanakcı, for their contributions to society.

2009

Creavit being selected as the most trusted brand in its field and receiving the Consumer 2009 Quality Award.

Continuation of production line and factory investments, and entry into the top 1000 exporters of Türkiye.

2024

The opening of the R&D center with Foglia, the acquisition of A Design Awards with Edida, Ruby, and Perra, and the transition to automation-based production, resulting in a 30% increase in production capacity with an additional 30,000 m² of closed area.

2019

Continuation of factory modernization investments and establishment of the infrastructure for the foundry climate-control systems.

2020

The Creavit Foglia series, designed by Defne Koz, winning 3 international design awards.

reddot design award
winner 2021

2021

The Mare and Loop products receiving the Red Dot Design Award.

2022

Commissioning of the new furnace.

A SUSTAINABLE WORLD

At Creavit, we fulfill our responsibility to create a sustainable production and consumption ecosystem. While shaping the future, we carry out our activities with the dream of a more livable world. To achieve this, we transparently present our sustainability actions and define a significant roadmap through the Creavit Green Strategy. The Creavit Green Strategy serves as a guide that reflects our evolution toward harmony with the environment by integrating sustainability trends into our daily lives. Through this strategy, we emphasize that small changes can make the world a more livable place and highlight how micro-actions can lead to macro-level outcomes.

FSC FORESTS® FOR ALL FOREVER

ZERO WASTE

CERTIFIED I Net MANAGEMENT SYSTEM

TSE

EO FORMALDEHİT EMİSYONU

As Creavit, we move forward with determination for a greener, more sustainable, and more conscious world.

GREEN **STRATEGY**

As **Creavit**, we are developing a new production approach on the brink of the climate crisis. To leave a more livable world for future generations, we are making every step: from raw materials to production processes, from water usage to waste management; smarter, more efficient, and more respectful.

Green Strategy: Micro Steps, Macro Impact

We believe that a transformation beginning in a bathroom can change the world. That is exactly why the Creavit Green Strategy was born.
Our Goal: Not just to meet global sustainability standards, but to advance them.
Our Path: To lead the sector in energy efficiency, recycling, and water conservation.
Our Promise: To create big change through small acts of awareness.

In 2024, our carbon footprint decreased by 38% compared to the previous year.

We are saving more than 100,000 trees thanks to our Solar energy systems.

We recover heat equivalent to 75,000 trees.

We return 350 tons of water back into production every day.

We extend the lifespan of 4,029 trees through our LED conversion projects.

We continue to prove how a bathroom brand can transform the world. With this commitment, we design **a greener future and work for a more livable planet.**

A Washbasin that Transforms Traces of the Past into the Future

One of the most tangible examples of our dedication to sustainability is our Savior washbasin. Produced from 100% recycled ceramic material, Savior is a design where waste finds new life. Carrying the traces of the past into the future, this washbasin represents one of our major steps toward a world where resources do not run out. Just like nature, every part of it symbolizes the beginning of a new cycle.

SUSTAINABLE BATHROOM, **SUSTAINABLE WORLD!**

At Creavit, design is not merely a pursuit of form; it is a profound response to lifestyle, human behavior, and aesthetic sensibility.

A holistic perspective, attention to micro-details, and flawless aesthetics form the foundation of Creavit's design philosophy. Here, every detail from ergonomics to material quality, from water conservation to visual balance is approached with great precision. Because for us, good design should not only appeal to the eye, but also enhance the way we live.

Timeless, human-focused, and supported by smart technologies, our designs both simplify life and add aesthetic meaning to every space.

Signatures That Leave a Mark in Design

The awards we receive from international design competitions are the result of our vision to add value to the lives of consumers all around the world.

Creavit Design Team
Our design team, living alongside production in our factory, creates designs that combine functionality, aesthetics, and sustainability. Our talented designers are bringing our 60 years of experience into the future with contemporary lines.

Defne Koz
An internationally recognized name in industrial product design, Defne Koz has created numerous award-winning projects in collaboration with Creavit. She has designed products for leading brands in Italy, Japan, Germany, and Türkiye. For Creavit, she designed the Foglia product series.

Şule Koç
A designer who bridges strategy and creativity, Koç has been honored with numerous international awards, including Red Dot, Design Turkey, and the German Design Awards. She was selected as "Designer of the Year" by Elle in 2020. For Creavit, she designed the Oniva furniture series which received the Good Design award.

BATHROOM FURNITURE

01

Perfect combinations, a new perspective on bathroom design...

Creating perfect combinations in bathroom design sets our imagination in motion and delivers a truly unique experience. The options we bring together: different colors, materials, and patterns help us shape the atmosphere and character of the bathroom exactly as we envision. A bathroom design in which every detail harmonizes and forms a cohesive whole offers a rich visual experience. It allows the dream world to unfold freely and reinforces creativity.

BATHROOM FURNITURES
ICON DESCRIPTIONS

Chic and Durable Lacquer Coating
This product has been coated with Lacquer to provide long-term durability.

LED Lighting
This product features a mirror or drawer with integrated LED lighting.

Soft-Closing Cabinet Door
This product features soft-closing cabinet door.

Quartz Countertop
The product is available in quartz countertop options.

Over the Washbasin Countertop Organizer
An additional countertop accessory is included to enhance user convenience.

Drawer Organizer
The drawer include an organizer/separator for tidy storage.

Bluetooth Connectivity & Speaker
The product features an integrated Bluetooth connection and a built-in speaker system.

Keep Dry
This product should be protected from water.

Caster Brakes
This product features caster brakes that prevent the wheels from moving when not desired.

Self-Closing Drawer
This product features a self-closing rail system for drawers.

Leather-Lined Drawer Interior
The inside of the drawer is lined with leather.

Hidden Drawer
This product features a hidden drawer that is unnoticeable from the outside.

Drawer and Door Integrated LED Lighting
The product's drawers and doors are equipped with a built-in LED lighting system.

Magnifying Mirror
This product features a mirror with a magnifier.

Push-to-Open Door
This product features a push-to open door.

Industrial Wooden Coating
This product is coated with wood.

Solid Top
Solid top options are available.

Dedicated Hair Dryer Compartment
The product includes a drawer for storing frequently used items.

Massive Counter
The countertop of the product is made of Solid cladding.

Built-in Towel Rack
This product features a built-in towel rack.

Jewelry Drawer
This product features a special drawer for valuable items, such as jewelry.

Material Storage Unit
It allows you to store cleaning supplies that you don't want to be visible.

Washing Machine and Dryer Cabinet
Provides a space to store your washing machine and dryer.

Inner Lid Shelf
The product features a shelving system inside the lid.

Height Adjustment Button
You can easily adjust the product's height using the height adjustment button.

Min. 60 cm / Max. 85 cm Height
The product has an adjustable height range between 60 cm and 85 cm.

LED Lighting Activated by Opening the Right Door
When you open the right door, the LED lighting is automatically activated.

Touch LED Lighting
The LED lights on this product can be turned on and off via touch.

Foldable Furniture
Indicates that the product is delivered in a foldable form.

Drawer Inner Coating
The product's drawer surfaces are designed with inner coating.

Countertop Power Button
The product features a power button positioned on the countertop surface.

Full Extension Drawer
This product's drawer can be fully extended.

Let Your Bathroom Adapt to You

PALAZZO .PL

WHITE .MBY

Level redefines personalized comfort in modern bathrooms.

With its adjustable height, it offers ideal usability for everyone from children to the elderly. The body height, which can be set anywhere between 60 cm and 85 cm, prioritizes ergonomics and adapts to different user profiles.

The Rise of Comfort in the Bathroom

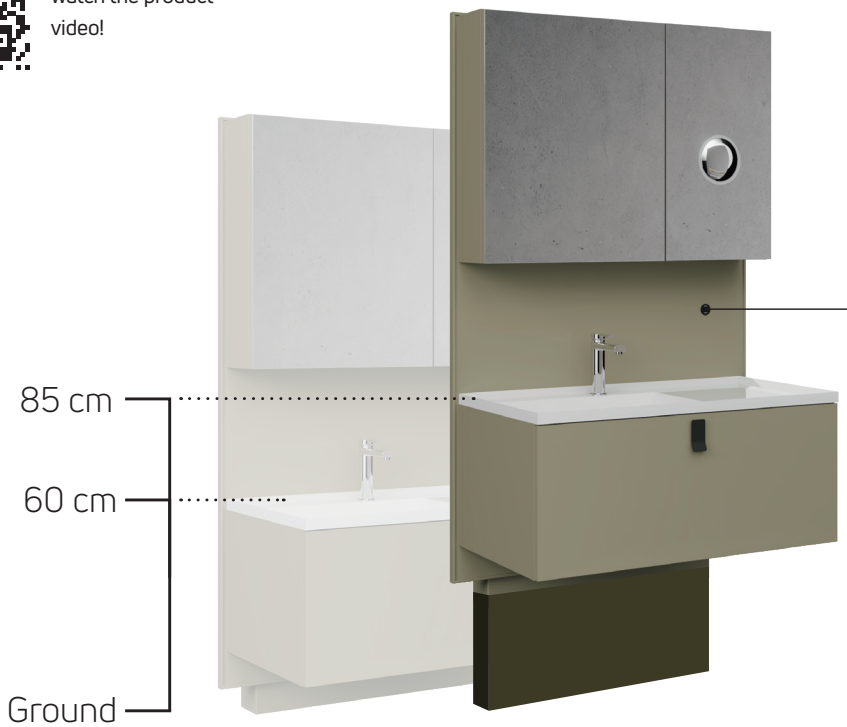

Standing out with its functional details, Level offers a more comfortable storage experience with LED lighting that activates the moment you open the bathroom cabinet. The additional LED lights beneath the mirrored cabinet provide ideal illumination for grooming and makeup.

Your Bathroom, Made Just for You

Award Winning Design

With its award-winning design and superior material quality, Perra brings a modern, elegant, and truly personalized touch to your bathroom.
This special series, honored with the 2024 A'Design Award, is not just a piece of furniture; it is a stylish choice for your personal living space.

Upper-Segment Comfort, Distinguished Details

Perra's fully lacquered body and cabinet doors combine durability with elegance. All units are equipped with soft-closing door and drawer systems for quiet, comfortable, and long-lasting use. The acrylic Solid countertop and minimal framed mirrors give the series a refined, upper-segment look, enhanced further by its warm color palette.

The +25 cm intermediate module option offers flexible design possibilities for those who want to create extra storage space between cabinets. Thanks to this module, you can create customized Solutions in your bathroom according to your needs.

Be Bold, Show Your Colors!

With its bold color palette, modern lines, and smart details, the Colorit series transforms bathrooms into living spaces full of character.

Scan the QR code to watch the video!

Standout Details

Lacquered surfaces, soft-closing drawers and doors, leather-lined drawer interiors, and LED lighting... Colorit is filled with thoughtful details that make a difference even in the places you don't immediately see.

Smart Lighting

The internal LED system in the lower cabinet, which activates automatically when a door or drawer is opened, ensures comfortable use even in the dark. Slim-framed mirrors and wall lamps bring together light and style.

A Smart Choice for Compact Spaces

With its 60 cm size, Colorit is specially designed for small bathrooms, saving space without compromising on aesthetics. Offering maximum functionality in minimal areas, this series is ideal for those who want to create uniqueness and style even in tight square meters.

A Ergonomic Touch to Daily Routines

A bathroom experience that brings together aesthetics, functionality, and thoughtfully crafted details.

Rayas defines its elegant stance through lacquered surfaces and the natural texture of its quartz countertop. Offered in three color options: Matt Grey, Anthracite, and Powder. Rayas adapts to different tastes and bathroom styles, aiming to add a personal touch to every space.

Bright and Organized Storage with Glass Shelves

Rayas stands out in terms of functionality as well, enhancing the user experience with smartly designed details. The glass shelves inside the tall cabinet not only provide a modern appearance but also allow light to move freely within the cabinet, creating a more spacious and airy feeling.

E10

Redesign Your Personal Bathroom Experience

With its minimal design, functional features, and generous storage areas, E10 allows you to shape your bathroom according to your needs.

Harmony Through Flexible Dimensions and Color Options

E10 models offer various size options, allowing you to design the most suitable layout for your bathroom:

- 100–85–65 cm washbasin cabinets
- 40-30 cm high cabinet

By choosing from Daphne , White, Anthracite and Grey; you can achieve perfect harmony with your washbasin, toilet, and other complementary products. For those who need more storage: cabinet, round and rectangular mirrors can add depth and a fresh perspective to your bathroom.

A Design Where Function and Comfort Meet

With options such as door cabinets or two drawers E10 offers the storage experience that best suits your comfort.

Its durable structure, produced with high quality standards, provides a Solution you can rely on for many years.
E10 delivers the dimensions and features you need, allowing you to create an ideal space for your personal bathroom.

Timeless Design

Blending classic details with modern lines, the Kayra series brings a sophisticated touch to your bathroom.

Elegance Hidden in the Details

Lacquered surfaces combine durability with elegance, while the soft-closing door mechanism offers long-lasting and silent use. Its LED-illuminated mirror provides both a functional and aesthetic experience.
If you wish, you can expand your Kayra set with the side mirror cabinet and tall cabinet, giving you all the storage space you need in your bathroom.

FLEXIO Designed for flexibility, built for reuse.

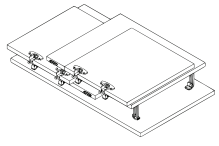

Flexio is designed for repeated installation, thanks to its melamine surface and specially engineered locking points.

No tools or additional equipment are required during assembly.

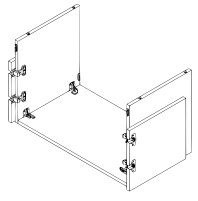

Throughout multiple assembly–disassembly cycles, the connections remain intact; no deformation, no loss of rigidity.

This allows the product to be reinstalled repeatedly in exhibition spaces, during transportation, and for concept renewals.

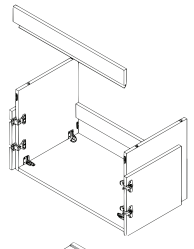

1 Unbox the product.>

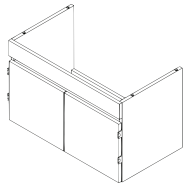

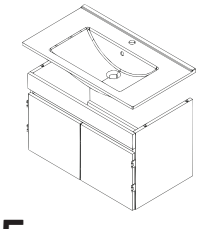

2 Fold outward. >

3 Insert the parts. >

4 Close the covers. >

5 Place the washbasin.

The entire system is ready in just 20 seconds

With Flexio's advanced Flex-Joint™ connection system, assembling furniture is no longer a process; it is a seamless motion.

Please Scan The QR Code To Watch The Easy Installation Video.

Bring order and spaciousness to your bathroom.

Mirror cabinets combine storage and elegance. With functional shelves and a spacious interior, they bring order to your bathroom, while the mirror surfaces make the space appear brighter and more spacious. Offering both practical and aesthetic solutions for everyday use, they harmonize with every style through their minimalistic touches.

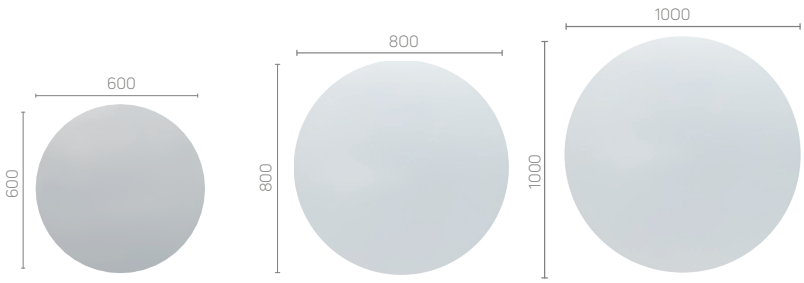

Mirrors That Combine Function And Aesthetics

Capture light and style from every angle.

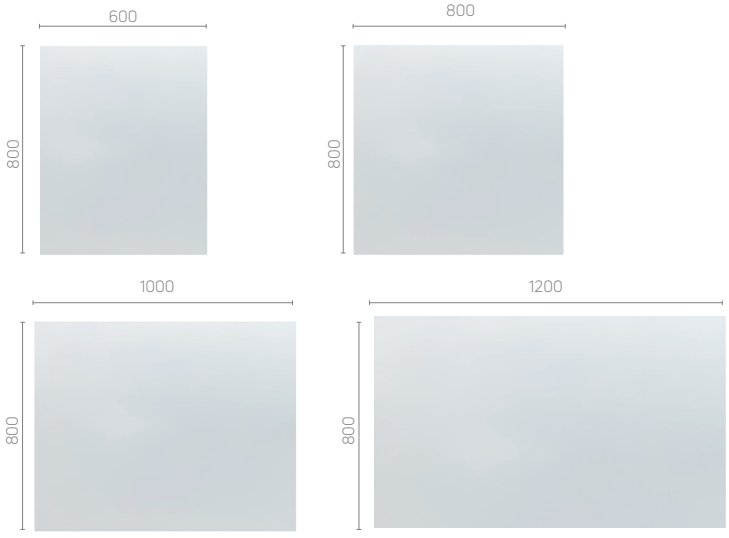

LED mirrors add a modern touch to your bathroom and allow you to see details with utmost clarity. Energy-efficient LED lights make tasks like makeup and personal care easier, while the design creates a sophisticated ambiance. Available in various sizes and shapes, they are designed to fit every bathroom style.

creavit

Flawless Hygiene
Durable Structure

"Perfect aesthetic harmony in every line."

Creavit ceramic sanitary ware brings not only functionality but also character to every space. With the seamless harmony of design and ergonomics, it transforms your bathroom into a true living space.

Creavit SANITARY WARE PRODUCTS
ICON DESCRIPTIONS

Soft-Closing Seat & Cover
The product features a special hinge system that enables soft closing.

Back to Wall Pan
The back of the product is completely flush against the wall.

Rim-OFF Pan
In the product, the cleaning water from the cistern reaches the drain through a rimless design.

Vortex
In the product, the water from the cistern creates a powerful yet quiet water flow thanks to the advanced flushing technology.

Integrated Bidet Faucet
The product features an integrated bidet faucet.

Length 60 cm
The toilet bowl has a length of 60 cm.

6-Liter Water Consumption
The product uses 6 liters of water per use.

4,5-Liter Water Consumption
The product uses 4.5 liters of water per single flush.

4-Liter Water Consumption
The product uses 4 liters of water per single flush.

Special Products
The product is suitable for use by individuals with physical disabilities.

XL - More Comfortable
The product is 6 cm wider than standard toilets.

Monoblock Washbasin
The product is manufactured as a single piece.

5 mm Ultra Thin
The edges of the product are 5 mm thick.

Antique Pedestal
The pedestal of the product is designed in an antique style.

Bidet
It is a specially designed product for areas without a bidet faucet.

Eco-Friendly
Made from recycled materials.

Sensor
This is a touchless product that uses a motion sensor.

Rebirth with Savior 100% Recycled Basin

Respect for Nature in Every Detail

Savior basins are not just products; they embody a manifesto where environmental awareness, design philosophy, and technical expertise converge. This exceptional series transforms traces of the past into the future, redefining the concept of waste as a valuable resource.

Inspired by the traces of sandstorms, the circular form reflects the organic patterns shaped by desert winds across its surface. With its clean lines, it stands as a powerful reminder of the value of water.

100% Recycled
100% Design
100% Nature-Friendly

Savior basins are not just products; they represent a powerful manifesto born from the union of environmental awareness, design vision, and technical expertise.

Built on the belief that waste is not an end but a new beginning, this special series advocates for the circularity of resources. Made from 100% recycled ceramic, Savior stands as the most tangible expression of our commitment to sustainability.

The design language of Savior is shaped by pure yet profound narratives inspired by nature.

During the installation process, when exact measurements are required, direct measurements taken from the product must be used.
There may be slight variations in tone in the actual product colors. Patterned and colored products are manufactured upon order with an assigned lead time.

Design Inspired by Nature

Where Water Meets Elegance

Designed by Defne Koz, Foglia draws inspiration from nature's most delicate surfaces:
a droplet resting on a leaf, the gentle curve of a palm, the serene stillness of a lotus gliding across a lake. Instead of confining water within a vessel, Foglia creates a form that exists with it harmoniously. Its design, which honors the natural flow of water, stands out with a quiet yet confident presence.

With a form that seamlessly integrates vertical and horizontal planes, Foglia washbasins bring uninterrupted fluidity and a sense of visual lightness to the bathroom.

Today’s Modern, Tomorrow’s Classic

The Antik Series reimagines the classical bathroom aesthetic with a contemporary touch. Its avant-garde lines draw inspiration from the past, yet deliver a strong, modern response to today’s design expectations.
Bringing the timeless elegance of classical style into the bathroom, Antik establishes a distinctive presence in every space it inhabits.

A Range of Washbasin Options for Every Need

Offered in multiple sizes, the washbasins adapt effortlessly to different bathroom layouts, while their dual-leg form completes the series’ timeless character. The Antik collection fits seamlessly into any space thanks to its size alternatives: the 100 cm option brings understated elegance to larger bathrooms, while the 80 cm version offers a refined and functional solution for more compact spaces.

A Perfect Set, Flexible Combinations

The Antik Series offers a complete bathroom experience with its range of wall-mounted and back-to-wall toilets, washbasins, and Bidet options.
Easily paired with different accessory colors, the series delivers not only a distinctive style but also a functional harmony that adapts effortlessly to any bathroom design.

A Breeze of Simplicity in Your Bathroom

Inspired by the calming forms of the sea, the Mare Series brings soft, flowing transitions and graceful curves into the bathroom, creating a pure yet striking aesthetic. Blending modern lines with natural softness, it offers an ideal choice for both urban spaces and homes seeking a closer connection to nature.

Superior Hygiene and Efficiency with Rim-Off

Used in both wall-hung and back-to-wall toilets, Rim-Off technology prevents bacterial growth thanks to its rimless interior structure, making cleaning significantly easier. Focused on hygiene and **sustainability,** this technology offers users a healthier and more effortless bathroom experience.

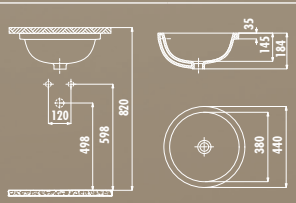

A Comprehensive Product Family

Beyond its toilet options, the Mare Series offers a product range that meets diverse needs. The 38×38 cm Mare Under-Counter Washbasin stands out with its compact structure and minimalist form, making it a versatile fit for any bathroom.
The wall-hung and back-to-wall bidets complete the series' clean design language, creating a cohesive and harmonious aesthetic throughout the space.

FREE

Design Without Limits

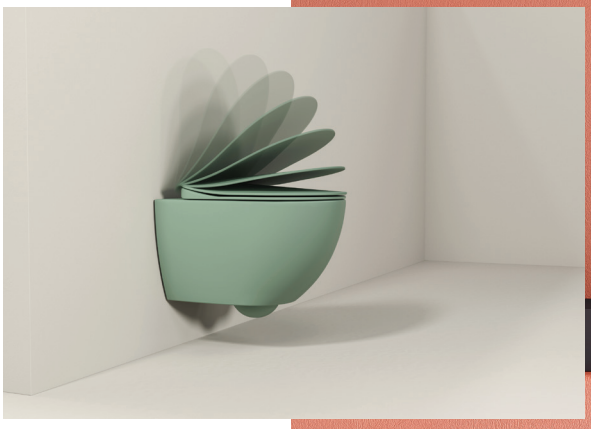

Free brings a sense of freedom into the bathroom through its variety of colors and forms.
With its extensive product range, rich color options, and functional solutions, it elevates living spaces beyond the ordinary.

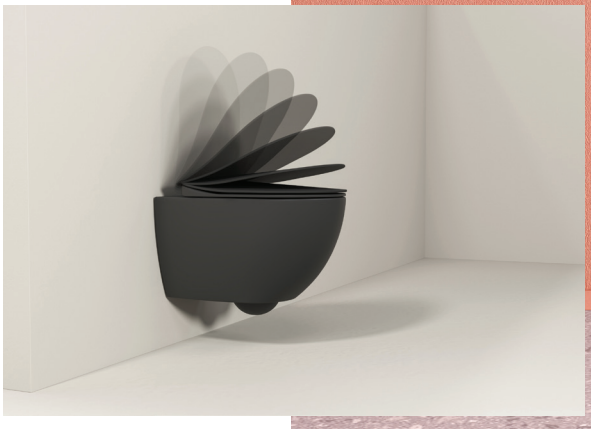

Hidden comfort, visible aesthetics

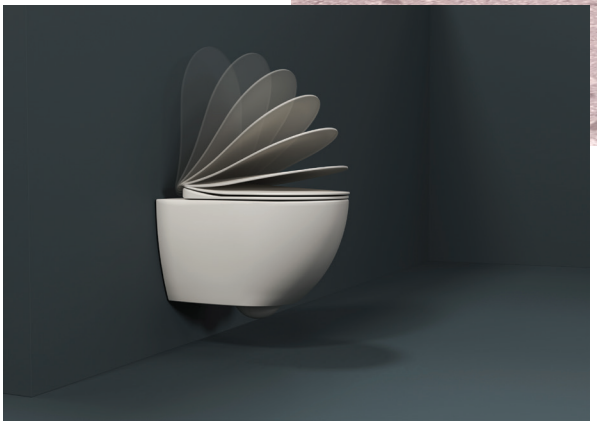

The integrated integrated bidet faucet toilet simplifies the visual complexity of the bathroom, offering aesthetics and ease of use without the need for a traditional wall-mounted faucet system.
With adjustable hot and cold water control, this solution delivers a distinguished experience in terms of both hygiene and comfort.

Superior Hygiene with Rim-Off

Developed with Rim-Off technology, its smooth, rimless design eliminates areas where bacteria could accumulate, bringing together easy cleaning and water efficiency. With Free, hygiene is not merely a feature; it is an essential part of the design. The strong design language of Free continues in the wall-hung and back-to-wall Bidet models, creating a cohesive aesthetic when used as a set while also offering a distinctive alternative for standalone use.

From the purity of white to bold colors

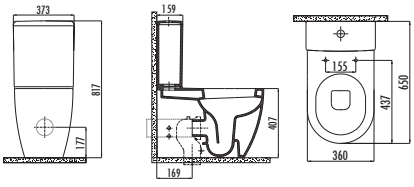

The Free series offers a range of options, from the timeless purity of classic white to bold colors such as anthracite, cappuccino, cool grey, Nile green, berry, and black, allowing users to reflect their personal style in their bathrooms. Each color integrates seamlessly with Free's simple yet striking form, presenting a strong and enduring presence against time.

SOLO

A Solo Performance in the Bathroom

With its angular design and superior hygiene features, the Solo Series brings a distinctive and modern character to the bathroom. Developed with a user-focused approach, the product family blends functionality and aesthetics, offering an innovative perspective to every space it enters.

Holistic Harmony with a Wide Product Range

Comprising a wall-hung WC, back-to-wall WC, Bidet, and under-counter washbasin, the Solo family can be used either individually or as a complete series. Offering an aesthetic choice for those who appreciate angular lines, Solo adapts effortlessly to different interior styles and bathroom designs.

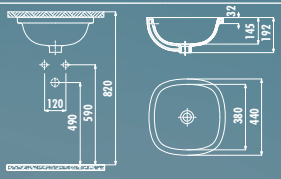

Superior Hygiene with Rim-Off Technology

With its rimless interior structure, Rim-Off prevents bacterial buildup, making cleaning easier while saving both water and time. The Solo Series offers an ideal solution for bathrooms that prioritize hygiene and user-friendly functionality.

DUCKY

The Fun of the Bathroom is this Way!

The Ducky Series is inspired by the imaginative world of children.
With its adorable characters, rounded forms, and colorful details, it transforms toilet training into a fun and safe experience; offering a delightful new playground for both children and their families.

Designed for Children, Crowned with an Award!

Created specifically for young users, Ducky stands out as the first bathroom series in its category to receive the A' Design Award. Behind its playful appearance lie functional details shaped with true design discipline. Rounded edges prioritize children's safety, while ergonomic dimensions ensure they can reach and use each element comfortably. With its charming duck figures and soft, friendly forms, toilet training is no longer a dull routine—it becomes a joyful and educational experience.

Design is for everyone. And so is the bathroom...

Free Movement, Safe Living

A bathroom experience that is free, safe, and comfortable is not a luxury. It is a fundamental need for everyone. Creavit's Solution Products Series brings this philosophy to life with functional and aesthetic options designed for diverse user profiles.
Its accessible solutions, developed for individuals with special requirements, support independent mobility through ergonomic structures, supportive details, and safety-enhancing design elements.

KIDS BATHROOM

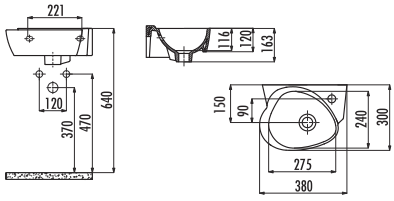

Corner products, ideal for small-square-meter bathrooms, make the most of limited space by adding smart functionality and giving users a more spacious living environment.
Children's products, designed with young users in mind, prioritize their safety and comfort while transforming the bathroom into a **joyful** experience with **playful design** details.

WQ

Innovation That Transforms Habits

WQ+ redefines bathroom habits through a smart toilet experience that unites comfort, hygiene, and technology. Adapting to your personal preferences and continuously renewing itself, this innovative system elevates your daily quality of life to a higher level.

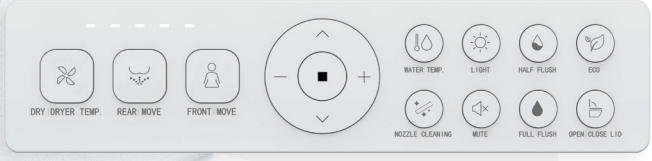

Plasma Sterilization

WQ+'s advanced plasma sterilization technology cleans itself while eliminating bacteria and unwanted odors, creating a healthier environment in the bathroom.

Complete Control

Storing preferences for temperature, light, sound, and many other settings, WQ+ offers a uniquely customizable comfort. With its remote control, all functions can be managed effortlessly—giving you a fully personalized experience.

Touchless Use

With its foot sensor, the toilet lid and flush operate without any physical contact, providing both hygiene and ease of use. WQ+ brings health and comfort technology into your bathroom, meeting the demands of modern living with a fully touch-free experience.

With Green Guard, hygiene is not ordinary cleaning; it is an advanced experience.

creavit GREENGUARD Technology

A New Standard of Hygiene: Green Guard Technology

Innovative, smart surface solutions that fundamentally transform the way you perceive hygiene in the bathroom...

Green Guard offers not just a clean surface, but microscopic-level protection and exceptional comfort.

HydroGlide | UltraClean | SafeTouch

Water & Dirt-Repellent Surfaces: Creavit HydroGlide

With its advanced new coating technology, it creates an invisible protective shield on ceramic surfaces. Thanks to HydroGlide:

- Dirt and water droplets cannot cling to the surface.
- Maximum hygiene is achieved with minimal cleaning products and water. Your bathroom remains as bright and pristine as the first day.

Microscopic Cleanliness: Creavit UltraClean

The formula for hygiene: micron-level smoothness and long-lasting cleanliness.
Its special glaze coating:

- Prevents the formation of bacteria and microorganisms.
- Maximizes ease of cleaning.
- Creates healthier living spaces.

Safety at Every Touch: Creavit SafeTouch

Hygiene you can feel. SafeTouch's advanced glaze technology reduces bacterial growth by 99.9%, offering an ideal solution for those who want to experience cleanliness with every touch.

For bathrooms that are healthier, more comfortable, and safer in every detail...

creavit

GRANDE

Wider, More Comfortable

Grande offers more than just a size difference. Its design is 6 cm wider than standard toilets, adding comfort, safety, and ease of use to the bathroom experience.

Developed especially for those seeking more space and relaxation, Grande enhances freedom of movement in the bathroom and redefines familiar notions of comfort.

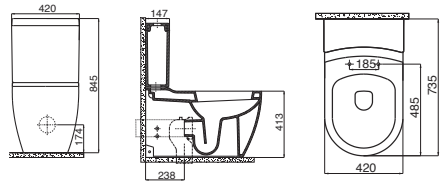

Providing a more spacious sitting area, it creates a more enjoyable and liberating environment for individuals who need extra space.

VORTEX SMART FLUSH TECHNOLOGY

Technology Evolves, Cleanliness is Redefined

Developed by Creavit's R&D and Design teams, toilets equipped with Vortex flushing technology direct water in a circular motion, allowing it to reach every surface evenly and effectively. This high-performance system offers a design experience that integrates technology into the bathroom both visually and functionally.

Power Becomes Quiet, Hygiene Rises

Unlike traditional flushing systems, Vortex directs water with impressive strength yet without noise. Its rimless inner chamber and splash-preventing flow architecture elevate hygiene to an entirely new level. Vortex is not just a technical feature; it stands out as an intelligent engineering solution seamlessly integrated into the bathroom.

Less Water, Maximum Impact

Designed with efficiency at every detail, Vortex delivers maximum cleaning performance with minimal water consumption. Its water-saving structure reinforces its environmentally conscious stance.
Used in the Ness model, this technology opens the door to a new era in toilet design.

Gen-Z Collection

With its youthful and energetic lines, the GEN-Z Collection brings the creativity of Generation Z into the bathroom. Offering a wide range of decorative options; from Seljuk motifs to contemporary forms such as cartoons and graffiti; it creates an expressive space far from the ordinary. Blending classical elements with modern art, the series delivers a personal signature in every bathroom.

Innovative Design with Loop Bowl Washbasins

At the heart of the series, Loop round and square bowl washbasins combine elegance and functionality with their 40 cm dimensions.

Each model stands out through high-quality digital prints and special decorative applications, while the meticulous attention to detail ensures long-lasting durability.

LP040-00CB00E-GB00 Loop Square Bowl Washbasin 40 cm Graffiti Pattern

A Perfect Match for Every Style!

3 Forms
10 Colors

Freedom Through Color: The Loop Series

Loop is designed for those who embrace freedom down to the finest detail in their bathrooms. With ultra-thin edge details, bold color options, and diverse forms, it offers a look that is both minimal and striking. Its eye-catching design makes it more than a washbasin. It becomes the focal point of your bathroom.

The Definition of Finesse: 5 mm Edges

With an edge thickness of only 5 mm, Loop washbasins add an elegant touch to contemporary aesthetics. Their light and refined structure creates modern simplicity in the bathroom, while the flawless form ensures easy cleaning and long-lasting comfort.

Invisible Technology, Maximum Comfort

"At the heart of your bathroom, yet out of sight."

Creavit's concealed cisterns and control panels hide great comfort within invisible details. With their quiet operation and refined touches, they bring a calm flow to your bathroom. Here, the power of design meets the beauty of invisibility.

Practical, Hygienic, Innovative

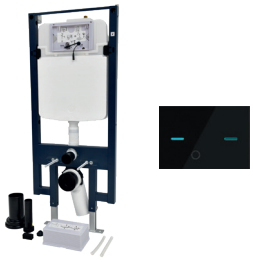

Discover the flawlessly functioning systems of Creavit concealed cisterns. In the unseen parts of your bathroom, you can secure your hygiene and comfort experience with Creavit's quality standards. With their long-lasting and durable structure, Creavit concealed cistern sets have been developed through testing processes tailored to user habits. Designed to ensure bathroom hygiene with ease, Creavit concealed cistern sets offer efficient water usage and reliable performance.

400 kg load capacity

- Long-term operation even in dirty or limescale-heavy water
- Tested and approved
- Minimal noise during filling and flushing
- Installer-friendly

No Touch, Full Hygiene

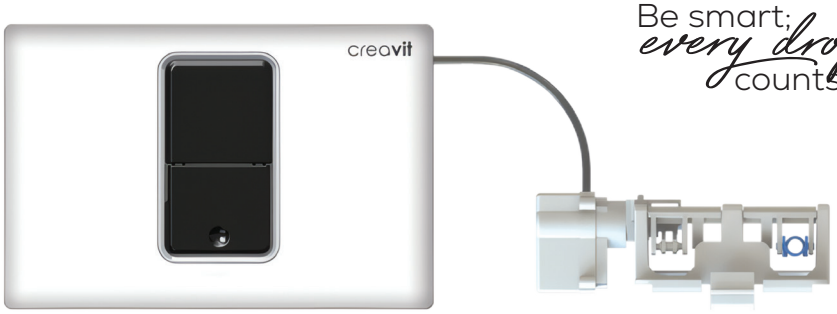

Sensor-activated control panels set a new standard of hygiene and comfort in bathrooms. Their user-friendly technology eliminates touch, while their slim form and color options add an aesthetic touch to any space.

With its smart sensor system, water flows only when needed and offers both hygiene and savings.

The Creavit conversion kit effortlessly transforms existing cisterns into sensor-operated systems; added comfort and hygiene instantly become part of your bathroom.

Hydromassage

Water therapy has been used as an alternative treatment method for centuries. The relaxing and refreshing power of water creates positive effects on the human body and psychology. Creavit's bathtubs with hydromassage system help to regenerate spiritually and physically by combining the refreshing power of water with high technology systems.

Hydromassage accelerates blood circulation and contributes to the removal of toxins from the body. At the same time, the contact of the body with water in the form of a massage stimulates the nerves. Thus, it helps to relieve some pain and get away from the stress of daily life. After sports activities or at the end of a tiring day, hydromassage is very effective in resting and regenerating the human body and provides mental relaxation.

Hydromassage Control System

creavit

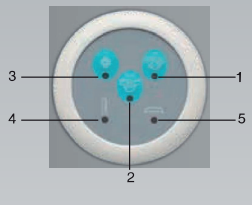

EKO 1 PNEUMATIC CONTROLLED SYSTEM (WHIRLPOOL)

1- 3 on/off push button
2- Air Turbulence Regulators

6 whirlpool jets (maxi jet) (white ABS, Chrome or gold finishing on ABS)
Pump Power : 800 watt
Voltage : 220-240 v
Water massage – Continuous
Water level sensor
VIEGA controlled or uncontrolled siphon
Single function control button (chrome / white / gold over brass)
Two air regulation valve (chrome / white / gold over brass)
This system can be applied in all models (except TRITON) (for details please refer to functional system table)

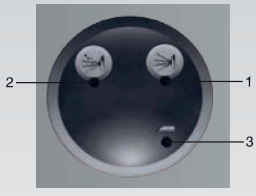

EKO 2 DIGITAL CONTROLLED SYSTEM WITH UNDISINFECTION (WHIRLPOOL)

1- Digital on button
2- Digital off button
3- Led level sensor
4- Water level sensor
5- Air turbulance pcsjustment (+-) (air level)

6 whirlpool jets (maxi jet) (white ABS, Chrome or gold finishing on ABS)
Pump Power : 800 watt
Voltage : 220-240 v
Water massage – Continious
Water level sensor
VIEGA controlled or uncontrolled siphon
Digital control panel : (White ABS)
Push button control (ON/OFF)
Push button air regulation (+-)

EKO 2 DIGITAL CONTROLLED SYSTEM WITH DISINFECTION (WHIRLPOOL)

1- Digital on/off button
2- Led , Water level sensor
3- Digital air regulator from min to max
4- Led cleaning fluid
5- Disinfection button with led signaling on state

6 Whirlpool jets (maxi jet) (white ABS, Chrome or gold finishing on ABS)
Pump Power : 800 watt
Voltage : 220-240 v
Water massage – Continious
Water level sensor
Digital control panel : (White ABS)
Push button control (ON/OFF)
Push button air regulation (+-)
This system can be applied in all models. (Except TRITON)

(For details please refer to functional system table)

TURBOPOOL SYSTEM WITH REMOTE CONTROL SYSTEM (WHIRLPOOL + AIRPOOL)

ED

1- Hydromassage pump (ON/OFF)
2- Blower (air massage) (ON/OFF)
3- Spot light (ON/OFF)
4- Remote Control

6 whirlpool jets (maxi jet) (white)
ABS, Chrome or gold finishing on ABS)
12 airvalves (white ABS, Chrome or over brass) Pump Power : 800 / 1500 watt
Voltage : 220-240 v
Water massage – Continious
remote control

During installation, when an exact measurement is required, the precise dimensions taken directly from the product must be used.

FAUCETS

05

Perfect Control in Every Drop

The aesthetics of water, the rhythm of design.

Creavit faucets transform the flow of water into an experience. With their strong and elegant design, they give bathrooms a distinctive identity. With every use, the water brings back the natural rhythm of life.

creavit

FAUCET
ICON DESCRIPTIONS

Thermostatic
This product features a thermostat to stabilize water temperature.

100% Brass
This product is made of long lasting brass.

Silent Water Flow with Aerators
It provides quiet water flow.

Sensor
This is a touchless product that uses a motion sensor.

Award Winning Faucet
This product has won national and international design awards.

Movable Aerator
You can alter the water flow direction thanks to this products movable aerator.

Easy Cleaning
This product can be easily cleaned with use of the suggested cleaning materials.

Drinking Water Outlet
This product features an additional outlet that can be connected to the water purification device.

Concealed
The fittings are flush-mounted.

Fingerprint Resistant
Its special surface prevents fingerprint marks, ensuring it always looks clean and elegant.

CLEANLINESS IS DEFINED BY THE SURFACES THAT WATER TOUCHES!

1 **Brass Body** | CC757S alloy containing less than 1% lead, in compliance with health standards.

2 **Ceramic Disc Cartridge** | Silent and precise water control, tested for 350,000 cycles.

3 **Neoperl Aerator** | Efficient, splash-free, and consistent water flow.

4 **PEX Hose** | A hygienic structure that leaves no taste, odor, or chemical residue.

5 **Chrome-Plated Surface** | Long-lasting shine with 0.3-micron Cr / 7–8-micron Ni coating.

Long-lasting, flawless use of faucets is supported by proper care. The right cleaning methods preserve both the surface shine and the performance of the internal mechanism. With regular maintenance, faucets maintain their original elegance and functionality.

- Chrome surfaces should only be wiped with a soft cloth.
- The aerator should be removed and cleaned regularly.
- A filtered angle valve is recommended to protect the cartridge.
- Chemical cleaners, abrasive sponges, or wire pads should not be used.
- For sensor models, avoid touching the sensor surfaces.

creavit

Innovative Comfort, Joyful Experience

"Every shower is a new beginning."

Creavit shower systems bring together technology and the freedom of water. The soft flow and balanced rhythm create a serene atmosphere in your bathroom. With every shower, the most refreshing moment of the day begins.

THE ANATOMY OF A CONCEALED SET

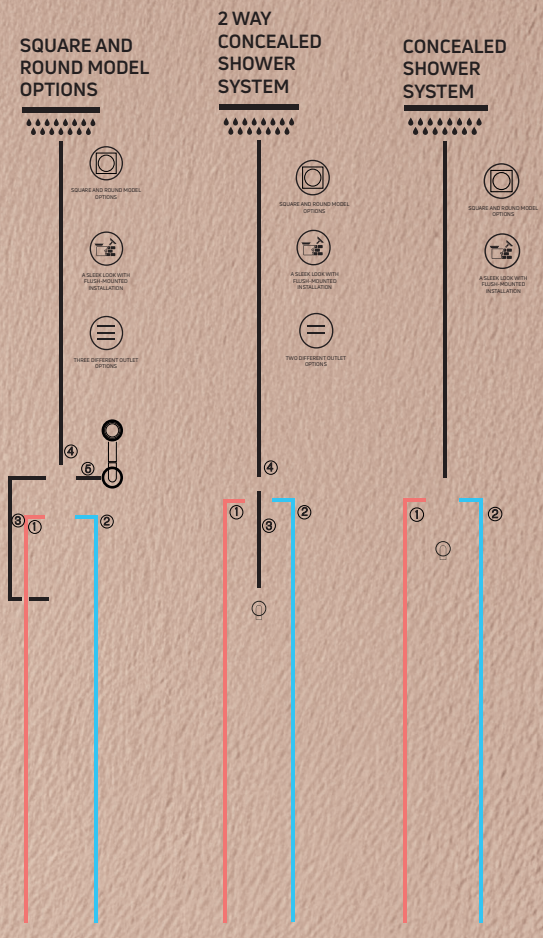

From Design to Completion, True Harmony in the Bathroom

The anatomy of a design comes to life through the harmonious unity of its components. With every element, the Creavit Concealed Set balances function and aesthetics. Each piece carries its own value, yet together they create perfect wholeness and comfort in your bathroom.

This anatomy is felt in every detail; from the flow of water to the soul of the design.

A System that Transforms Technology into Comfort

With the next-generation Piano Shower Set, every detail in your bathroom is under control.

The thermostatic feature keeps the water temperature stable, while the digital display allows you to monitor the temperature instantly. With handheld, body, and overhead shower options that can operate together or individually, it adapts to personal preferences.
The limescale-prevention filtration system provides long-lasting performance.

Functionality Inspired by Nostalgia

Retro Shower System

With its retro gold brushed finish, the Retro Shower Set brings the elegance of the past into today.
Its illuminated handheld and overhead showers add a refined atmosphere to your bathroom.
Offering personalized comfort with three different water outlets and pendant light alternatives, it delivers a unique shower experience.
And with its thermostatic concealed faucet, you get consistent temperature and consistent comfort; every time.

LIMESCALE SYSTEM

No Barriers to Water, Performance Uninterrupted

Limescale buildup in shower heads over time negatively affects both water flow and product performance.

Creavit has developed a technology that keeps your shower experience uninterrupted: the Limescale Breaker System.

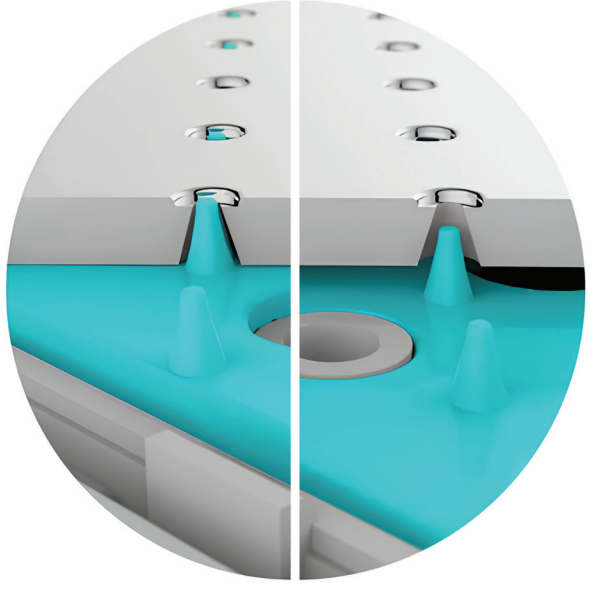

How It Works:

The special pin mechanism inside the shower head moves forward when the water is turned off, closing the water outlet nozzles.
When the water is turned back on, the pins retract and allow the water to flow.
This mechanical action physically prevents limescale formation and keeps the outlets from clogging.

Advantages

- Minimizes limescale buildup
- Prevents blockage of water outlets
- Reduces maintenance needs
- Maintains shower performance in the long term
- Provides a more hygienic and more sustainable usage

A shower is not only a way to cleanse the body; it is a way to purify the soul.

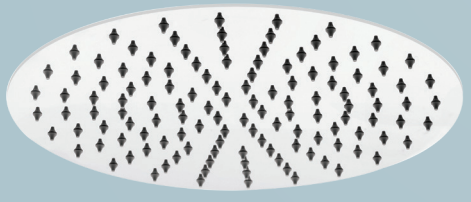

Creavit overhead showers deliver water gently yet evenly. Every touch creates a massage-like effect that soothes the nervous system. With their wide flow surface and rain-effect distribution, they transform an ordinary shower into a calming ritual.

Safe and Hygienic Trash Bins

Fireproof Trash Bins

Creavit fireproof trash bins prioritize safety in all types of living spaces, such as hotels, hospitals, schools, and homes. Thanks to their specially designed fireproof inner compartment, even flammable materials disposed of are kept under control, ensuring your spaces are safely used.

Stainless Steel Products: Function and Durability

Creavit stainless steel products are made from long-lasting, high-quality stainless steel, offering both functionality and durability.

MESOPOTAMIA

WALNUT

FRAXINUS

Wood Coating

Daylight

Mirror LED Color

Colors of Mesopotamia

We were born in the cradle of civilization, in Mesopotamia.
We can still hear the voices of those who shaped the first cities, the first forms, and the first stories with their hands.
The ancient bond we share with the earth is a bridge that stretches from the past to the present and from the present to the future. In every form, we feel nature; in every line, we feel memory; in every color, we feel our roots.

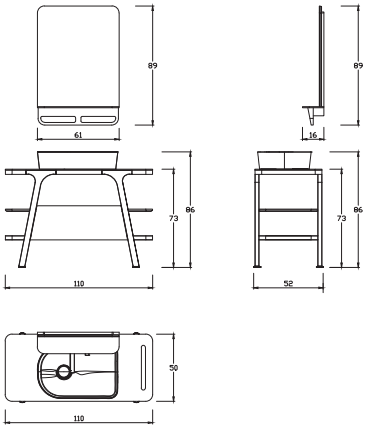

The warmth of Terracotta, the freedom of Serpentine, the elegance of Linen...
All of these are the language of Mesopotamia.

And these colors come to life again in Creavit's designs.

COMPACT

Where Ergonomics Meets Functionality

MATT WHITE

.MBY

True to its name, Compact delivers maximum efficiency in small bathrooms through its highly functional design. With its clean cylindrical lines and a footprint of just 52 cm, it seamlessly brings together elegance and practicality without sacrificing valuable space. The solid surface countertop, sliding door mechanism, and divided shelves ensure effortless everyday use.

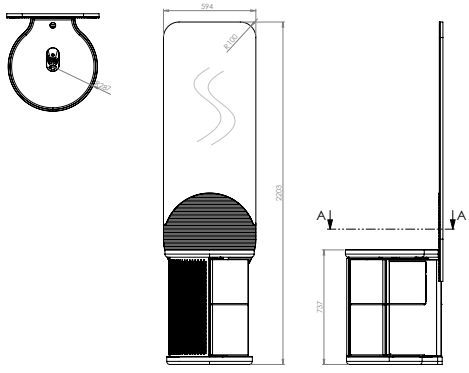

Effortless Practicality

The built-in full-length mirror saves valuable space while streamlining your daily routines. Achieving a flawless match with the compatible Ruby RB141 washbasin, Compact elevates your bathroom by uniting functionality and ergonomics with minimalist appeal.

Aesthetic and Warm Design

The Horizon Rectangular Bathroom Furniture adds a sophisticated touch to your bathroom by seamlessly blending functionality with aesthetics. While the solid wood cabinetry exudes a warm and elegant presence, the acrylic solid surface countertop and metal leg details bring quality and comfort to the forefront.

A Modern and Luxurious Touch

Leather-lined drawer interiors and a design that perfectly complements the Ruby RB064 washbasin transform Horizon into the ultimate solution for those seeking both aesthetics and functionality in their bathrooms.

Organized and Effortless Use

While soft-close, spacious drawers and slatted shelves provide the perfect storage space for towels and linens, thoughtful details like an integrated vanity mirror, soap dish, and towel holder elevate your everyday comfort.

Qty of Box: 3 **Weight:** 4,31 kg

SIPHONS

SFU.SF030.MBY Automatic Pop-up Waste without Overflow - Matt White

Weight: 0,46 kg

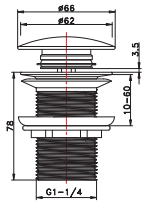

SF.SF030BN Automatic Pop-up Waste without Overflow - Brushed Nickel

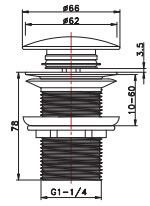

Weight: 0,46 kg

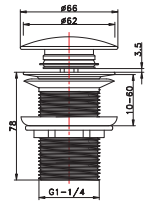

SF.SF030BRG Automatic Pop-up Waste without Overflow - Brushed Rose Gold

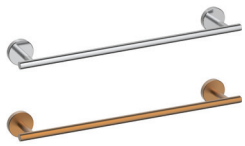

Weight: 0,46 kg

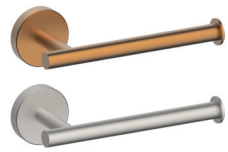

When exact measurement is required during the assembly process, exact measurements taken on the product should be used.

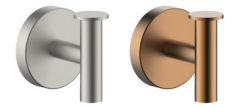

MA.RB34601BN	Ruby Long Towel Bar - Brushed Nickel
MA.RB34601BRG	Ruby Long Towel Bar - Brushed Rose Gold

Qty of Box: 20 **Weight:** 0,37 kg

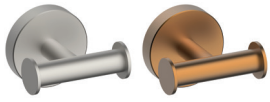

MA.RB34602BN	Ruby Toilet Roll Holder - Brushed Nickel
MA.RB34602BRG	Ruby Toilet Roll Holder - Brushed Rose Gold

Qty of Box: 40 **Weight:** 0,17 kg

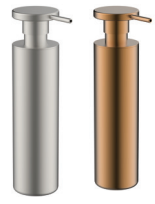

MA.RB34603BN	Ruby Single Robe Hook - Brushed Nickel Ruby
MA.RB34603BRG	Single Robe Hook - Brushed Rose Gold

Qty of Box: 50 **Weight:** 0,13 kg

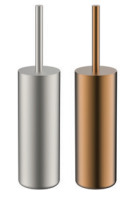

MA.RB34604BN	Ruby Double Robe Hook - Brushed Nickel Ruby
MA.RB34604BRG	Double Robe Hook - Brushed Rose Gold

Qty of Box: 50 **Weight:** 0,16 kg

MA.RB34607BN	Ruby Liquid Soap Holder - Brushed Nickel
MA.RB34607BRG	Ruby Liquid Soap Holder - Brushed Rose Gold

Qty of Box: 20 **Weight:** 0,65 kg

MA.RB34609BN	Ruby Toilet Brush Holder - Brushed Nickel
MA.RB34609BRG	Ruby Toilet Brush Holder - Brushed Rose Gold

Qty of Box: 10 **Weight:** 0,75 kg

MA.BR20208	Ruby Toothbrush Holder - Brushed Nickel
MA.BR20212A	Ruby Toothbrush Holder - Brushed Rose Gold

Qty of Box: 20 **Weight:** 0,42 kg

MA.RB34606BRG	Ruby Soap Holder - Brushed Rose Gold
MA.RB34606BN	Ruby Soap Holder - Brushed Nickel

Qty of Box: 20 **Weight:** 0,42 kg

When exact measurement is required during the assembly process, exact measurements taken on the product should be used.
