ABOUT US

DMC Group is a Turkey based exporter of ceramic floor and wall tiles, wooden laminated flooring, sanitaryware, construction chemicals, sheathing products, and plasters.

With more than ten years of expertise, DMC is a quality and technology pioneer who elevates the Turkish tile sector. DMC engages in ongoing innovation, opening all potential in the traditional tile industry.

We adhere to the idea of a "customer first policy" and we pledge to offer each customer exceptional products and effective services. We are aiming to establish long-term connections with our customers while asserting their satisfaction in each purchase.

DMC Group strives to deliver an immediate response to the continuously developing demands of the construction industry both in local and global spheres.

We are achieving customer satisfaction across the Globe because DMC Group assures to:

- Adapt high-volume orders to factories' production capacities
- Provide persistence with the products in terms of their calibers when they come out of the production process,
- Produce goods in harmonious color schemes that complement each other,
- Create detailed dispatch schedules to minimize production differences,
- Manufacture with a site program or a detailed application timetable in order to ensure that the manufacturing schedule is in sync,
- Have the ability to carry out dispatch and transportation organizations without any difficulties.
